"To the Youth of the District.

"As I have but a few days to live, I feel it my duty to caution you from following un course of life, if you would live long and be respected by all who know you. No matter how humble your situation of life, keep the Sabbath holy, refrain from profane company and, above all things, retrain from that great destroyer, ardent spirits. Look at my con dition. Instead of being one of our best citizens, beloved and esteemed by all, you fine me in my lonely cell, under sentence of death. charged with one of the most awful crimethat could be perpetrated on earth; from once a plous youth the cause referred to above. A very large exodus still continues from various districts in the south of Wales, (in Great Britain.) The Mormonite emigration is, if any thing, increasing, as large bodies of these deluded people, principally from Carmurthenshire and the county of Giamorgan, still continue to leave their native land for the banks of the Salt Lake. These followers of Joe Smith get to Liverpool, where they embark in the liners for New York. As many as one hundred persons have left Swansea it one body for Liverpool. A large number of colliers, principally from Aberdare and neigh borhood, have left Wales for Australia, tak ing with them their wives and families, and their example will also be followed by many others. Labor is now scarce in most parts of Wales. - English paper.

Hobensack's Liver Pills.

No part of the system is more liable to disease than the LiveR, it serving as a filterer to purify the blood, or giving the proper secretion to the bile; so that eny wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. Those Pills being composed of ROOTS & PLANTS furnished by nature to heal the sick. Namely, lst, An EXPECTORANT, which augments the secretion from the Palmonary mucos membrane or promotes the discharge of secreted matter. 2nd, An ALTERATIVE, which changes in some inexplicable and insensible manner the morbid action of the system. 3d.
